Bachelor of Civil Engineering and Minor in CSE

Vellore Institute of Technology, Vellore, TamilNadu

Sep 2022 – Jun 2026

BS in Data science and Applications

Indian Institute of Technology- MADRAS

Oct 2023 – Jan 2027

PROJECTS

College Attendance Management System Using JAVA Programming & DBMS:

March-2023

- Observed the logistics process across 6 different outsourcing vendors carrying out a sequential textile production and suggest techniques for a smooth flow of goods.
- Developed a College Attendance Management System using Java and a database, highlighting software development prowess.
- Achieved seamless authentication, attendance tracking, and reporting, streamlining data management processes.
- Enhanced communication among stakeholders with automated alerts, improving overall efficiency.
- Demonstrated proficiency in Java, database management, and user interface design through project completion.

Internship/ Previous Work Experience

PRODIGY INFOTECH:

- Developed a fully functional Stopwatch Application using HTML, CSS, and JavaScript.
- Implemented start, stop, and reset functionalities with precise time tracking.
- Optimized code for performance and responsiveness across various devices.
- Incorporated modern web design principles to enhance user interface and experience.
- Created an interactive Tic-Tac-Toe Game using HTML, CSS, and JavaScript.
- Designed and coded the game logic to handle player turns and determine win conditions.
- Utilized event-driven programming to create a smooth and engaging user experience.
- Integrated responsive design to ensure compatibility across different screen sizes.
- Gained hands-on experience in front-end web development, improving proficiency in HTML, CSS, and JavaScript.
